I will request that a copy of this 2019-2020 report be placed on the website by our UCT International office.

**2019-2020 Membership Year Recap:**

We began the year with 112 members. As of January 31/20, we had 4 deaths, 28 Cancelled/lapsed members and 1 new member for a total of 81 members.

**Deaths during 2019-2020 year & our sympathy to their families:**

Robert Neilsen, October 3, 2018 (reported after 2019 year-end)

Ray Getz, April 25, 2019

Effie Picante, April 6, 2019

Al Cass, February 12, 2020

As requested last year, our Annual meeting format changed to include training & interests concerning the members and general questions/ answers of the committee for all members. If you have a request, members are asked to advise & we will add it to the Agenda for the next annual meeting.

SECRETARY: Last year I had asked for a new replacement for Secretary and if anyone is interested, we could work together for a time if that would help. My age & health is not as good anymore & I need replacing.

Sadly, our Annual International Convention for June, 2020 was cancelled due to the Coronavirus pandemic that is sweeping North America.

**Members of the Immediate Executive for ISTA** have been contacted, and asked for suggestions and if all will retain their 2019-2020 Executive positions for the coming year ending in 2020-2021. The answer was yes.

We wish each of our members a healthy and safe time during the pandemic. I sincerely hope that all of you are listening to the **rules of Safety: Washing Hands, Safe Distancing and wearing a Mask in public**, and most of all please stay safe. **We value our members!**

Sincerely & fraternally,  
Myrtle
